

Out of School Children

Out of school children are those who are non-enrolled in any school or dropped out at any stage before completing elementary education.

Various categories of OoSC may include children living or working in urban slums, in streets, on railway platforms or construction sites. They may be found engaged as domestic workers, child labourers working in dhabas, mechanic shops, rag pickers and shoe shine boys. Other categories may include migratory children whose parents migrate from one area to another in search of seasonal employment and those who belong to SC and ST.

These children are identified and enrolled as per age appropriate classes and then they are trained in the special training centers to bring them in par with the normal children of their age and then they are mainstreamed.

Special training centers in Goa are School based and Non School based.

Approved Non Residential special Training Centers for out of school children for the year 2015-16:

Sr. No.	Name of the NGOs/Schools	No. of OoSC	No. of centres	School based/Non school based
